MTX Connect Strengthens Commitment to Digital Sovereignty as Gold Member of LU-CIX

The Luxembourg-based Full MVNO (Full Mobile Virtual Network Operator) deepens its commitment to secure, sovereign infrastructure by upgrading to Gold Membership at LU-CIX.

Luxembourg, 16th October 2025 – MTX Connect, a Luxembourg-based boutique provider of secure, enterprise-grade mobile connectivity, has upgraded the membership of LU-CIX, Luxembourg's leading Internet Exchange, to Gold Member. This step reinforces Luxembourg's strong commitment to digital sovereignty and data privacy, while supporting the delivery of high-quality, low-latency 4G/5G connectivity worldwide.

Driving Digital Sovereignty Through Trusted Infrastructure

As digital sovereignty rises to the top of corporate and governmental agendas, the principle of “*Know Your Provider*” is increasingly critical. Businesses and public institutions need to understand who handles their data, where it travels, and how it is secured.

Luxembourg has positioned itself as a trusted hub for secure digital infrastructure, with LU-CIX at the heart of its international connectivity ecosystem. MTX Connect's Gold Membership further strengthens this ecosystem, ensuring businesses benefit from sovereign, regulated, and resilient mobile connectivity.

MTX Connect's Global Reach

Operating under a dedicated Luxembourg license, MTX Connect runs a fully independent core network and maintains direct interconnections at leading Internet Exchanges including AMS-IX (Amsterdam), DE-CIX (Frankfurt) and UAE-IX (Dubai). This global presence ensures low latency and robust performance across more than 170 countries, enabling businesses to deploy secure connectivity solutions wherever they operate.

A Trusted Partner for Enterprises and Institutions

From government agencies to global enterprises, MTX Connect supports organisations with private mobile network experiences that combine security, transparency, and flexibility. With enterprise-grade 4G/5G, intelligent traffic routing, and 24/7 human support, MTX Connect helps customers ensure compliance, resilience, and business continuity in a connected world.

Derek Jackman, The Head of Global Sales at MTX Connect, said:

“Our status as Gold Member of LU-CIX reflects our commitment to Luxembourg's digital sovereignty and its role as a trusted hub for secure connectivity. Our customers rely on us for resilience, flexibility, and control over their mobile data. By strengthening our presence in Luxembourg's connectivity ecosystem, we continue to deliver secure and sovereign services to businesses of all sizes worldwide.”

Claude Demuth, Chairman of LU-CIX ASBL, said:

"We are delighted to have MTX Connect as our member since their establishment in 2013 and having our offices next to each other for almost 5 years at LuxConnect Business Centre in Bettembourg! Today MTX Connect evolution to a Gold Membership of LU-CIX highlights their expertise in secure mobile connectivity and their global interconnection footprint being valuable assets to Luxembourg's digital ecosystem. This partnership strengthens our joint mission to make Luxembourg a leading centre for secure, high-quality digital infrastructure."

Together, MTX Connect and LU-CIX reaffirm their joint commitment to advancing Luxembourg's position as a secure, sovereign digital hub for Europe and beyond.

LU-CIX continues to welcome innovative providers like MTX Connect into its community, strengthening the ecosystem and ensuring that Luxembourg remains a trusted hub for digital innovation.

About MTX Connect

MTX Connect is a Luxembourg-based mobile network operator and proud GSMA member, delivering global mobile data services via native SIM and eSIM technologies. Founded in 2013, the company has built direct roaming agreements with more than 460 networks in over 170 countries, serving customers around the globe.

MTX Connect for Business provides secure, trustful and highly tailored connectivity solutions to organisations of all sizes — from agile SMEs to large enterprises — and helps them keep their teams securely connected anywhere in the world.

MTX Connect is headquartered in Luxembourg with a branch office in Prague, Czech Republic.

About LU-CIX

LU-CIX, the heart of the Luxembourg Internet, operates multiple solutions supporting secure and sovereign digital communications in a public-private partnership mode.

LU-CIX ASBL, the Luxembourg Internet exchange, was founded in 2009 based on a not-for-profit association with an open and neutral philosophy. Its aim is to develop and support the Internet and data center ecosystem in Luxembourg by providing the national peering and VoIP exchange services to its members.

LU-CIX ASBL brings a major contribution to the Luxembourg Internet community by organizing the leading yearly industry events, Luxembourg Internet Days, LUNOG & Gemengen Dag, which attract over a thousand experts and decision makers from all around the globe.

LU-CIX GIE, also launched in 2009, operates the Internet exchange infrastructure.

In 2021, the Luxembourgish State, together with LU-CIX GIE, launched MyConnectivity G.I.E. to support the access to high performance connectivity for all (private households and businesses) in the context of the 5G and ultra-high-speed national strategies.

LU-CIX GIE, together with the Chamber of Commerce of Luxembourg and the Ministry for Digitalisation, launched in 2023 the instant messaging solution Luxchat for the whole population and businesses in Luxembourg.
